First of all, observe the appearance of this chair, a perfect show the "modern industrial style", The front looks like a **B-2 bomber**, and its side looks like a static robot.

The unique industrial design of this chair as well as the multifunctional mechanism, together with the super soft memory foam, makes it the ultimate in comfort.

To the functional mechanism of this chair, the headrest, lumbar pillow, armrests can be adjusted up and down, the seat also has a back and forth movement function.

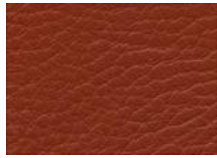

The most special is the tilt function of this chair: while you tilt back, the chair seat will also pan back, this is the progress of the mechanism, using "**BOCK Mechanism**" which can give each customer a better office experience.
